

## SMS01 Series Datasheet

<b>Product Name:</b>	<b>Material:</b>	<b>Adhesive:</b>
SMS01 Series	PET	Acrylic
<b>Size:</b>	<b>Color:</b>	<b>Certification:</b>
8mm,12mm,16mm,24mm, 32mm, 44mm, 56mm, 72mm, 88mm	Yellow, Black, Blue, Green, Pink, Etc Are Available	RoHS

### Features And Benefits:

1. 01Series double splice tape is used for jointing carrier tapes in the SMT process, It is made of 2 tapes and release paper, and the tape is made by our produced patent material with superior adhesion.
2. Double embossed dots designed for easy alignment, one piece for one jointing, easy operation, no need to use auxiliary tools.
3. Available for 8mm,12mm,16mm,24mm, etc carrier tapes.
4. Available for all SMT machines except sensitive machine.

### Application:

Double splice tapes guarantee perfect and reliable joints in all kinds of carrier tape. Joining is accomplished without any tools or fixtures, with precise pitch spacing, using convenient, precut lengths of tape.

### Storage Condition:

Temperature: 20°C-30°C

Relative Humidity(RH): 45%-65%

Shelf-life: One year

### Notes:

Please be advised that this technical data sheet is written based on our lab tests and experience only. Customer is responsible to determine the suitability of the product meets intended application requirements before approved for use.
