

# ABS AND EBS SPIRAL COILS

## Description

Complementing our extensive portfolio of vehicle connectors, we offer complete cable assemblies that are compatible with, and feature, these connectors. These assemblies are ISO-certified for on-road use and are offered ready-to-install. By installing a pre-assembled spiral cable, our products eliminate the time, cost, and complications of terminal assembly and installation for your team.

## Applications

- Available variants in cable material, connector material, and coil number and diameter, these products offer solutions for EBS and ABS connections.

## Ordering Information

## Web Resources

Download installation instructions, 2D prints and technical resources at: [littelfuse.com/ABS-EBSCoils](http://littelfuse.com/ABS-EBSCoils)

PART NUMBERS	DESCRIPTION	CONNECTOR MATERIAL	CABLE CORES	ISO	CABLE DIAMETER	VOLTAGE	CABLE MATERIAL	MAX EXTENDED WORKING LENGTH	TURN DIAMETER	Terminals	Terminal Material
00556800	ABS Coil	Plastic	2x4mm2, 3x1.5mm2	7638-2	13.5mm	12V	TPU	4.5m	30mm	Crimped	Nickel-Plated Brass
