

SEED-316010010 Datasheet

It's a customized bracket for the robotics parts

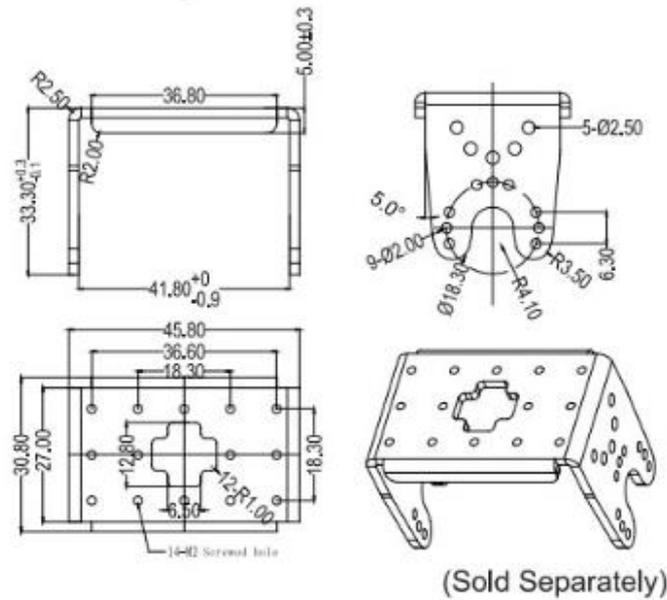

PRODUCT DETAILS

It's a customized bracket for the robotics parts. Very easy to be assembly on SR518 series servo motor. And make a robot joints motion conveniently

Feature:

- Aircraft aluminum
- high strength and steadiness
- anodized surface
- easy to be assembly

Specification:

Technical details

Dimensions	47mm x47mm x26mm
Weight	G.W 17g
Battery	Exclude
